● WHAT WE DO

We don't just call APIs.

underlined text gets
replaced by new words
like “APIs”, “Scripts”,
“demos”

A studio working at the intersection of AI and craft — we design and build websites, products and creative experiences with Claude as a first-class engine, all the way to production.

```

AI agents

01

Autonomous workers — not chatbots. Multi-step workflows with error recovery, human escalation and cost dashboards, running 24/7.

```
retrieve → rerank → cite
answer · 0.94 ✓
```

RAG & knowledge

02

Your company knowledge answering with citations, not hallucinations — vector search, smart chunking and accuracy evals.

```
agent.ts
await claude.messages({
  tools:[query_database],
})
→ tool_use ✓ 1.2s · $0.003
```

Claude & LLM

03

Not just API calls — orchestration at scale. Tool use, structured outputs, streaming and token budgeting.

What we build Section 1

01 — 02 — 03 — 04 — 05

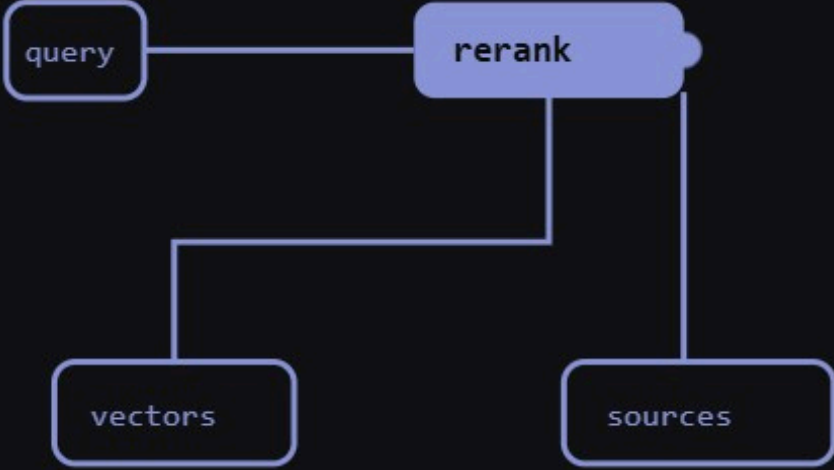

(RETRIEVAL · CITATIONS)

RAG & knowledge

Vector search, reranking and cited answers
grounded in your own data — accurate, auditable,
no hallucinations.

3-5 WKS TYPICAL · ACCURACY EVALS INCLUDED

retrieval · query → cited answer

```
graph LR; query --> rerank; rerank --> vectors; rerank --> sources;
```

key highlight of this section is
this section has multiple pages that come up as we
scroll in the form of cards/pages sliding on top of
each other, so when the new page appears, the
first one shrinks slightly and gets replaced

What we build Section 2

•

the pages are of
alternate colors, so one
is black, the other is
lavender and so on

these are all animations

Workforce

(THE DIGITAL WORKFORCE)

YOUR NEXT HIRE
ISN'T A PERSON.

AI agents designed to fill real roles — they answer tickets, process invoices and moderate content like any team member. Except they never sleep, and scale on demand.

CLOUDSTUDIO · STAFF PASS

ECHO-03
DIGITAL WORKER

ROLE	Knowledge answers
SHIFT	24/7 · no breaks
SALARY	cents per answer

Answers from your docs — always with sources.

these are like cards, when you click on this, the upper card moves right and fades and the card below it appears

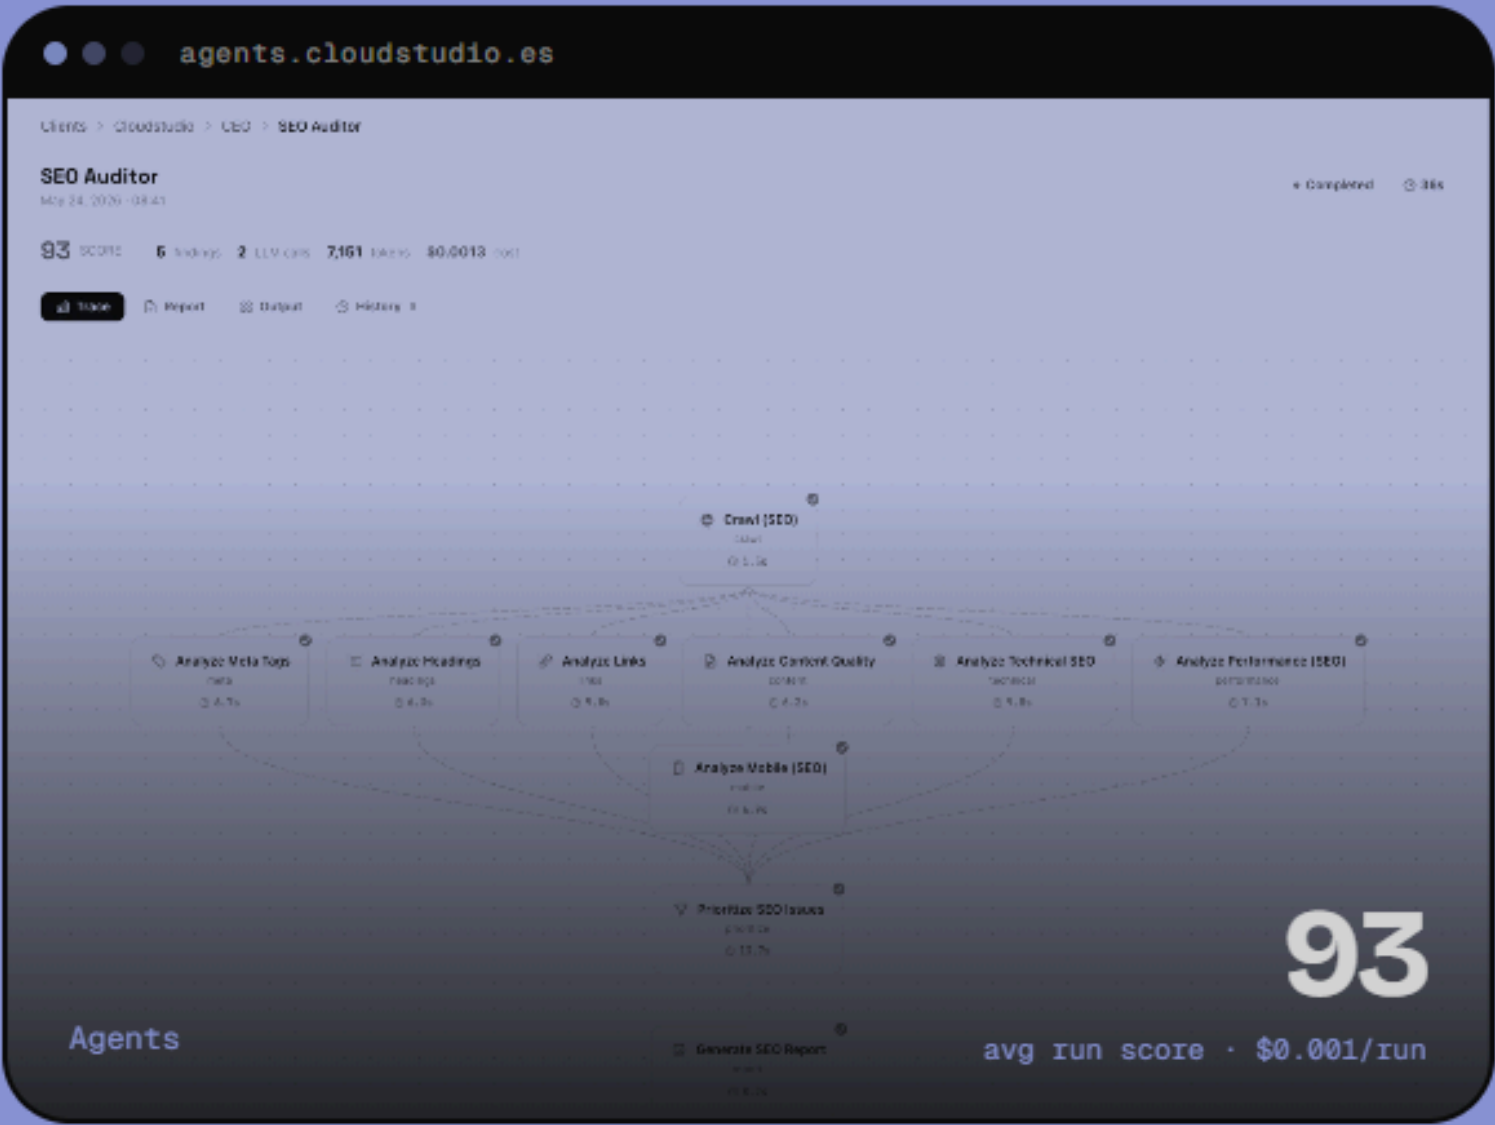

CLICK — MEET THE WHOLE TEAM

Selected work

when hovered over, it changes colors to the opposite one and happens in a motion, like the black bar moves from left to right rapidly and then change takes place
